Your property is within the Bonneville Power Administration (BPA) easement. This Department collaborates with BPA to help residents manage the noxious weeds under the power lines and our assistance is being offered to help eliminate these weeds.

If you wish to participate, please complete this form and return it to the address so we can schedule an application. In the event you choose to manage these weeds yourself, it will be necessary to complete and return the enclosed Weed Management Plan within 10 days from the date of this notice.

I give the Flathead County Weed Department permission to enter my property at the address below to spray for noxious weeds under the Bonneville Power lines.
